The Value of the Purchase in

The Value of the Purchase in

The Value of the Purchase in

The Value of the Purchase in

The use of the foregoing Table for the Purchase of Leases, &c.

THE Table consists of five Columns. The first contains any number of years that are to be Purchased, from 1 year to 100.

The 2 tells you how many years and odd Months Purchase, such a Lease is worth in ready Money, 5 lb. per cent. being allowed for the Interest of the Money laid out.

The 3 Column shews, what the same is worth at 6 lb. per cent. The 4 at 8 lb. per cent. and the last at 10 lb. per cent.

Example: What is a Lease of 51 years to come, worth in ready Money, at 5 lb. per cent. Also.

Look in the first Column for 51 years and right against it under 5 lb. per cent. you shall find 18. 3. which shews the Lease is worth 18 years purchase, and 3 months, which is a quarter of a year. So that if the Rent were 10l. a year, then 18 times 10 l. is 180 l. and the quarter of the year is 2 l. 10 s. in all 182 l. 10 s. and so much is the Lease worth in ready Money, at 5 l. per cent.—But if the Purchaser would have 6 l. 8 l. or 10 l. profit for his Money, then let him look under the respective Columns of 6 l. 8 l. and 10 l. per cent. and he shall have his desire.

A

A Table Shewing the Price of the Great Hundred, or 112l. at any Price from One Farthing the Pound to Eighteen Pence the Pound, and the contrary.
